

CSU Extension Diversity Catalyst Team (DCT)

Diversity: age, culture, different ideas and perspectives, disability, ethnicity, first-generation status, familial status, gender identity and expression, geographic background, marital status, national origin, race, religious and spiritual beliefs, sex, sexual orientation, socio-economic status, veteran status. In some instances, these will be difficult to track, and we are not relying just on numbers. Numbers alone do not tell the story. Climate must be welcoming.
