to

Left—COMPREST MISCHIEF A. 5th.

THE LARGEST HERD OF REGISTERED HEREFORDS OWNED BY MEMBERS OF ANY 4-H CLUB IN AMERICA.

This club lost no time last summer buying a half interest in Roy Armstrong's **COMPREST MISCHIEF A. 5th**, a most promising son of **COMPREST PRINCE**. He is sensationally short-legged, squarely built, heavy-quartered, heavy-boned, smooth tail-headed.

This club lost no time last fall in obtaining several weeks of service from **COMPREST CONQUEROR**.

This club also slipped in last winter and bought a half interest

in **BRAE LAD 24th** by **BRAE DOMINO** from F. A. Field & Sons. That was before one of Brae Lad 24th's sons sold sensationally at Denver and then reserve championed the spring Fort Worth show.

The blood of these sires, and other outstanding ones, is making, and will continue to make, the show and sale products of this club attractive. You are invited to examine the foundation stock, the sires and the young cattle developing.

Gunnison County Purebred Hereford 4-H Club

GUNNISON, COLORADO

TOM FIELD, Leader, Doyleville, Colo.

Hotel Lobbies as well as meeting halls are one many western states when such assemble at Ft. Worth's 1941 American National can be seen again at Salt Lake City this year: Left to right: Tom Talle, Aroya, Colo.

Grover B. Hill, will speak about "The Livestock Industry in War." Secretary Howard J. Gramlich, American Shorthorn Breeders Assn., wit of the platform, will talk of "Invisible Concrete Walls," covering the interstate movement of livestock.

Four representatives from junior stockmen associations will appear on the American National program.

Among the major problems that will undergo a thorough discussion at the Salt Lake convention will be: Cattle supply, marketing goals, price

fixing, publication in the

Special Pacific Northwest Tuesday 5:45 o'clock the next at the Hotel
