Andy McKean
Liberty Day Institute
3443 S. Galena St. Suite 120
Denver, CO 80231

June 29, 2016

Dear Mr. McKean:

The Colorado Department of Education recognizes and wholeheartedly supports the importance of Liberty Day and learning the U.S. Constitution in local schools along with the state's broader citizenry. We appreciate the dedicated effort and impact of the many learning activities associated with Liberty Day, including the ones your organization supports.

The activities and celebration are key elements in creating a deeper understanding of our U.S. Constitution. Continuing education and meaningful engagement of this magnitude are both important components in the enjoyment and continuation of the rights and liberties established by this critical founding document.

These efforts in the civics education of our youth are vitally important to our local communities, to our state, and to our great country. Thank you for your efforts to support Liberty Day.

Sincerely,

Katy Anthes
Interim Commissioner
