

Individual Program Plan – 2021

Use this document to think through your program plan for the coming year and/or to discuss with your supervisor. Refer to CSU Extension's [program planning website](#) and [Program Planning Guidebook](#) for more information and tools on program planning.

1. List the diversity of stakeholders who have informed this program plan.

--

2. Estimate the percentage of your time you plan to spend in different program areas (PRUs) and in administrative work.

PRU or administrative	% of your time

3. List up to 5 issues you plan to address through your programming and whether those issues are addressed statewide by PRUs (as documented in a PRU Issue Canvas).

Issue	Does a PRU Issue Canvas exist for this issue?

4. Describe how you've used environmental scans, county/local strategic plans, needs assessments, and/or diverse stakeholders to select issues to address in this plan.

--

5. How has this program plan changed compared to your programming from last year and what support/resources do you need to execute it?

--
