

## Community Engagement Resource Chart

This chart helps to identify local resources that may be tapped in order to engage with the Latinx community, such as cultural settings, traditions, businesses, physical spaces, cultural heritage(s), institutions, individuals, associations, and community festivals and events. The chart can be completed with information gathered from local partners and ***it can be adapted to engage other groups that have been underrepresented in CSUE programming***. Staff have also used online databases of nonprofit organizations and service providers, as well as individual program websites, to research and record information about various resources on this chart. Examples of resources for the Latinx community are provided below (*courtesy of Erika Sandoval, Diversity & Inclusive Engagement Specialist, Front Range Region, CSUE*).
