

Issue Canvas (Complete for each issue to be addressed collectively and statewide by the PRU and for which goals are behavior or condition change.)

Issue:	Problem statement: (Brief description of the specific problem you are addressing)	Brief description of planned activities (outputs):	Key indicators: (Up to 3 that show unique value to key stakeholders)	How will data be collected and reported for each indicator?
<p>Emergency Management</p> <p>Do you plan to integrate Extension work on this issue with CSU research? If so, how? Not at this time.</p>	<p>Disruptions are increasing in frequency and severity in the state of Colorado. CSU Extension is uniquely positioned to provide educational resources and spearhead</p>	<p>Define and track all county Extension expectations and responsibilities. Develop and implement communication strategy</p>	<p>(1) All CADs meet with their emergency managers and review their MOUs.</p>	<p>(1) A database will be maintained of all agents and their progression in completing tasks.</p>
<p>Do you plan to collaborate with other states on this issue? If so, how?</p>	<p>Goal/intended outcome: (Should be either a change in behavior/practice/decision-making or a change in long-term condition)</p>	<p>Maintain participation in statewide and national networks (EDEN and</p>	<p>(2) All agents take FEMA course ICS 100 and 700.</p>	<p>(2) All Extension agents will submit certificate of completion.</p>
<p>Do you plan to collaborate with other states on this issue? If so, how?</p>	<p>To create an organized structure that holds Extension agents and administrators accountable for implementing our emergency management strategic plan.</p>	<p>Theory of change: (How will your outputs result in achievement of your intended outcome? Cite/link to research/evidence if possible.)</p> <p>In 2020, the lives of all Coloradoans were affected by disruptions, yet most people do not concern themselves with preparing for a disaster until it strikes. Therefore, a more broad-based effort of behavioral change is required (Najafi et al., 2017). Effective interventions first require a greater understanding of the</p>	<p>(3) An online clearing-house for all emergency materials will be housed on the Extension website.</p>	<p>(3) Google analytics will be collected for website visits.</p>
<p>Yes. Colorado is actively involved in EDEN (Extension Disaster Education Network). Actively work with leaders from across the country to develop tools needed to</p>	<p>Target audience: 1) Extension agents, specialist and administrators. 2) County and State elected officials. 3)</p>	<p>understanding of the</p>	<p>Evaluation plan: (Who will be evaluated, when (after-only, pre-post, etc.), and how (i.e. online survey)?) All agents will be asked to participate in a pre/post survey about their current level of understanding of factors and appropriate responses to disruptions. Agents will be also asked about particular educational/programming needs and information.</p>
