

**Issue Canvas** (Complete for each issue to be addressed collectively and statewide by the PRU and for which goals are behavior or condition change.)

Issue:	Problem statement: (Brief description of the specific problem you are addressing)	Brief description of planned activities (outputs):	Key indicators: (Up to 3 that show unique value to key stakeholders)	How will data be collected and reported for each indicator?
<p>Emergency Mngt. for Natural Resource</p> <p>Do you plan to integrate Extension work on this issue with CSU research? If so, how? Will use resources such as WAVE, and from entities: CSFS, Warner College, CO Dept. of Ag., CVMS</p>	<p>Guidance for new agents is limited and information is not consolidated.</p>	<p>The Extension Emergency Workbook. Collaborative EM website with other PRUs and campus. Train the trainer on WAVE. Assist counties in developing carts or reviewing CART. Disaster planning, response and recovery presentations.</p>	<p>(1) The Extension EM workbook can be a resource for EM Managers.</p>	<p>(1) Workbook to be completed and share with EM managers by agents.</p>
<p>Do you plan to collaborate with other states on this issue? If so, how? We will be using resources from other states and EDEN to help create our workbook. We will reach out to other states to see what resources they can share.</p>	<p>Goal/intended outcome: (Should be either a change in behavior/practice/decision-making or a change in long-term condition)</p> <p>To provide resources for agents and the public to guide their planning, preparation, response, mitigation and restoration actions.</p>	<p>Theory of change: (How will your outputs result in achievement of your intended outcome? Cite/link to research/evidence if possible.)</p> <p>WAVE reports will give action items for clients. Workbook will provide a resource for Extension agents to respond to EM. Counties will develop or review their CART programs. EM resources will be consolidated in one website, may take more than one year. Individuals and communities will take action on planning and recovery after viewing presentations.</p>	<p>(2) Natural resource managers, landlords, property owners, public land managers will use the website for EM resources.</p> <p>(3) WAVE and EM Presentations participation by public and agents.</p>	<p>(2) Website hits, track downloads</p> <p>(3) Numbers of participants will be track. When possible a follow up survey will be done to evaluate if resources were used.</p>
		<p>Target audience: Extension agents and all our communities and visitors.</p>	<p>Evaluation plan: (Who will be evaluated, when (after-only, pre-post, etc.), and how (i.e. online survey)?) Completion of workbook with a follow up online evaluation of the workbook by agents. Website could have a built in survey when used. Pre and post evaluations may be used for EM presentations. Follow up contacts may be used to see if actions were taken.</p>
